

## Insights/Budget Tracker

If you need a tool to track all your spending and meet your financial goals, we have just the thing for you. Through the **Insights** you can take control of your finances by adding all your accounts, not just the ones at HSB. Insights allows you to create a budgets and goals, monitor your cashflow and net worth and track all spending by category.

If you select Insights in Online Banking, a secondary menu will drop down. If you choose Overview, a snapshot of your totals will preview on the screen:

Through the links noted above or using the Insights menu (choosing any option except Overview) will take you to the secondary site shown below. Through that site you can modify any of the other items. Clicking the house in the upper left-hand corner, will return you to your online banking.
