

Hebron Savings Bank's Debit Card Fraud Alert Program

**ADDED SECURITY FOR YOUR PROTECTION**

*Debit Card fraud involves the unauthorized use of another person's card information to make purchases from their account or to access their funds.*

Your account security is important to us. We are continually working to detect fraud activity and bring you new tools like HSBWATCH, to safeguard your account.

**YOU'RE AUTOMATICALLY ALERTED TO SUSPICIOUS ACTIVITY ON YOUR DEBIT CARD**

When you receive an alert containing the transaction amount and payee, we will ask you to confirm that you authorized the transaction in question. For added protection in certain suspicious situations, we may block further use of your card until we receive confirmation from you that the requested transaction is legitimate.

This program is free, but standard text message and data rates may apply. To opt-out of receiving HSBWATCH alerts via text, simply respond "STOP" to any one of the text alerts. For your protection, you will continue to receive alerts via phone call and e-mail after opting-out of text alerts.

To learn more, contact us at 410-749-1185 or visit [www.HebronSavingsBank.com](http://www.HebronSavingsBank.com).

**IF YOU HAVE A  
HEBRON SAVINGS BANK  
DEBIT CARD, YOU ARE  
AUTOMATICALLY  
ENROLLED!**

HSBWATCH alerts you to suspicious debit card activity by phone call or text message as well as e-mail. (You have the ability to opt-out of receiving future debit card alerts via text by responding "STOP" to any one of the text alerts.)

**RECEIVE  
HSBWATCH ALERTS  
FROM MULTIPLE  
SOURCES:**

Phone

Text

E-mail

**Security Tip:** Ensure that you receive these important alerts by verifying that we have your most current contact info!

**Update
